## Kenaf Processing Available To The Smaller Grower

Offer To Decorticate Dry And Bale Is Made By Local Operators

Mr. A. L. Gutierrez, President of American Kenaf Fiber Corporation which grew the first commercial crop of kenaf fiber on the Continent under contract with Commodity Credit Corporation for the Munitions Board, in '51, announced that his organization will accept contracts with local farmers for processing kenaf fiber for the '52 crop.

The request of the Palm Beach County Resources Development Board Fiber Committee to Mr. Gutierrez was acted on at a Board meeting on Monday and Mr. Gutierrez made the following announcement:

"On the assumption that '52 contracts will be made available to local farmers to produce kenaf fiber for the Munitions Board, we are offering our plant facilities to local farmers for processing—decorticate, drying and baling. We are prepared to install additional decorticate and drying equipment, but we must have a definite acreage, in addition to the contract which we will receive."

The sum total of the above announcement is that it makes it practical for a local farmer to "get his finger in" a new industry for the Glades. The national need for kenaf fiber as a substitute for cotton in the pulp-and-paper industry, so that there's plenty of room for local farmers to add this crop as a diversification.

The decorticate—removing the fiber from the plant—by mechanical means, was not perfected, has reached a point where it is economically profitable, and improvements are coming along now. The American and European method of retting—removing fiber by immersion in water for 20-40 days requires labor and time; mechanical decorticate allows volume production.

Jack Dempsey, Chairman of the Resources Development Board Fiber Committee, states that "This is a great accommodation to Glades farmers, and we are more than pleased at the ready response of Mr. Gutierrez to our request to fabricate kenaf for them. As the processing machinery is expensive, and in Ramon, it is difficult for a group of smaller farmers to acquire it so that they may get the business going. The Fiber Committee assured Mr. Gutierrez that the Glades area and all of South Florida appreciate this consideration."

## MCCARTY'S APPEARANCE HERE CANCELLED DUE TO HIS MOTHER'S ILLNESS

Dan McCarty, gubernatorial candidate who was scheduled to speak here last Saturday morning as part of his lake tour, postponing his appearance because of the sudden serious illness of his mother, his headquarters reported this week.

McCarty said he would reschedule his visit to the area at a later date, Emmett Roberts, local campaign chairman, announced. The candidate wishes to thank the citizenry for their consideration and understanding, Roberts said.

## Shooting Blanks

By Pauls

A leading financier offered a piece of astounding advice the other day when he said the best way he knew was telling the truth. The truth will fool anybody, he added.

Even a reporter can vouch for this statement, for after an established fact is presented someone rebels and insists it isn't so and if it is, it shouldn't be repeated for some obscure reason or other.

Occasionally a reporter is reminded of the example set by the excited housewife.

She demanded a personal interview with the postmaster of a large western city.

"Your department is completely inefficient," she told him. "A week ago my husband left here to complete a big business deal in New York City."

## SO. BAY CITY STAFF OCCUPIES CITY HALL

South Bay city employees moved into the recently completed city hall this week.

The new building, of cement block and steel, with a modern interior, is located on St. Rd. 80 opposite the South Bay School.

It houses a large main office, council room, clerk's office, supplies and record rooms, rest rooms, four jail cells with capacity for 20 and fire station.

Furnishing also is complete. Erected at an approximate cost of \$10,000, the new municipal building was designed by Chester A. Cone, Miami, J. J. Freedlund was in charge of construction operations, and W. G. Bowen was supervisor.

City Clerk Mrs. G. J. Barstow said landscaping of grounds is still incomplete. The city will be in charge of supplying the fill and planting the grass. The Garden Club has offered to take charge of the landscaping and planting, she said.

South Bay councilman are: M. J. Hardy, mayor; Melvin Herring, vice-mayor in charge of streets and parks; J. C. Sumner, in charge of water and garbage; H. B. Walker, fire and finance and W. G. Bowen, police department and building construction.

City officials are: Mrs. G. J. Barstow, city clerk; R. C. White, chief of police; Mead Willis, fire chief; S. J. Fisher, building inspector; John T. Pickett, city engineer; Ralph O. Johnson, city attorney and T. L. Dean, meter reader and assistant jailer.

## Local Rotary Club Sponsors For Red Cross Fund Drive

The annual fund drive of the Palm Beach County Chapter of the American Red Cross opened here last Saturday and the local quota was set at \$20,000.

George Royal, local chairman announced that the local quota is \$107,000.

C. O. Miller, Jr., county fund drive chairman, said the county quota is \$107,000.

The local Rotary Club has again accepted the job of a thorough solicitation of the community, and the drive will be conducted the week of March 10th to 15th. Efforts will be made to canvass the entire city area, as some forty odd Rotarians and as many women under Mrs. Ed Humphries will make the drive.

Miller said this represents an increase over last year's quota of \$101,716 because of increased responsibilities in the local chapter for the blood program and service to service men and their families stationed at the nearby International Airport.

Nationally, the campaign is for \$85,000,000 and throughout the nation the month of March has been designated as Red Cross month.

Advance Special Gifts have already started in Palm Beach with Guernsey Curran, Jr., as chairman in Lake Worth with R. E. Branch as chairman, and (Continued on Page 2)

## News of Glades Boys And Girls In The Service

In Korea — the nation's third highest combat decoration, the Silver Star Medal, was recently awarded to Cpl. Joseph J. Harper of Belle Glade, Fla., who was wounded on Oct. 4, 1951 while leading an estimated 250 men in the Korean Peninsula.

As the 7th Infantry Company A moved against Communist positions on Hill 381 near Chungsu-ri, Harper with two squads attacked a section of the enemy defense perimeter. The surprised Reds immediately regrouped and directed an intense fire against Harper's force. A painful wound left Harper's right arm useless.

The citation relates that "refusing medical aid, he courageously remained in an exposed position, shouting encouragement to the men who, inspired by aggressive leadership, vigorously pressed forward against the enemy troops and drove them back to their position."

"The superb gallantry exhibited by Corporal Harper reflects the highest credit upon himself and the military service."

Sgt. James T. Harrell, who returned last month to Hamilton Air Force Base, California following a thirty day leave spent with his parents here, has recently been transferred to Lowery Air Force Base, Denver, Colorado.

With the 3rd Infantry Div.

## C of C Directors Elect Bill Graber Organization Pres.

Delegation On Rice Production Here Asks Chamber Support On Program

Chamber of commerce directors elected Bill Graber president at the regular meeting Tuesday night in the chamber building. R. E. Hotard is retiring president having served in the position for two terms.

The directors also elected Junius Harris vice-president and reinstated Mrs. George Young as secretary-treasurer.

Mrs. Young reported that the results of the ballots placed Bill Graber, Doug Wooten, W. C. Benford and Bill Rhodes as directors for the new term. She said that 122 ballots were cast and none were spoiled in the election of directors who will serve for three years. Directors canvassed the votes and accepted the results of the deliberating committee.

Luther Jones, and J. D. Johnson and J. W. Turner, two local rice growers, appeared before the directors and asked for support in promotion of the rice industry here as a community project. The delegation said they are seeking the establishment of a rice mill and dryer to encourage the industry and bring greater profits to the farmers. The story of their findings on a local rice and the possibility of establishing processing facilities here is included in another article on the front page of this issue.

Bill Graber, chairman of the chamber membership drive, reported that \$3,555 has been collected in memberships which included 69 new members, 12 reinstated from 1950 and 81 re-elected from 1951.

Second prize was awarded to the Belle Glade Nursery for its display of flowers, ferns and potted plants.

First award in the educational and commercial exhibit competition at the Everglades Fair was presented to Kirchman Co. Booth.

## Black Heart Not Helped; Pink Rot Is Helped By Rice Cultural Practices

CAST IS CHOSEN FOR SENIOR PRODUCTION

Requirements And Fertilizer Practices Complement Glades Crops

Miss Elizabeth Browning, senior English instructor and director of the senior play, announced the cast for the production of "A Ready Made Family," by Jay Tobias scheduled March 27 and 28.

The cast will include: Catherine Friedheim, Belvie Mobley, Irma Stein, Olga Messer, Jackie Royals, Jerry Barry, Joanne Tedder, Joe Leavitt, Donna Norris and Jack Wilcher.

An afternoon performance will be given on March 27 and an evening show is scheduled for March 28, Miss Browning said.

## Funeral Services Set For Local Korean Veteran

Funeral services and burial for Pfc. W. E. Byrd, who was reported killed in action in Korea September 9, are for 3 p. m. Saturday at the Seventh Day Adventist Church here.

Elder Ludwick of West Palm Beach will officiate, and the Naval Reserve Unit of West Palm Beach will conduct graveside services. The body was scheduled to arrive in Cleveland this morning.

Son of Mr. and Mrs. G. W. Byrd, South Bay, Pfc. Byrd was serving as a flame thrower on the front lines with the 7th Reg. BAH G Co., first Marine Division.

Enlisting in the Marine Corps November 2, 1950, Byrd took his training at Parris Island where he was an outstanding marksman and received the (Continued on Page 4)

## CELESTIAL LEADS PRODUCE EXPORTS FROM AREA

Celery, which has composed the greatest export volume from the area this season, leads the list this week.

## A PAT ON THE BACK—HIGH UP

For the first time since the war Everglades Post No. 20 of the American Legion attempted to make a Glades Fair some creditable job.

The displays representative of the community's activities were well chosen and presented.

The initiative, energy, sales ability, business acumen and diplomacy exhibited are a community asset channeled for community benefit.

We know Commander Rashley, Buddy Willis, J. B. Jones, Ray Wilkerson, the legionnaires, Auxiliary and its members, feel fully repaid with a sense of "a job well done" to the pride of their fellow citizens.

Nature combines with man to give the Glades unmatched results in agriculture; the Legion and its Auxiliary will package a showing of Glades agriculture to our friends and visitors may appraise us, and share our pride.

Requirements And Fertilizer Practices Complement Glades Crops

In reporting a meeting on rice growing held at the Experiment Station; colors were mixed a bit; "black" heart was reported and red rot, instead of puffer, that is helped by flooding of land in rice growing.

The Experiment Station boys say that black heart curing is a figment of the imagination of the reporter, and that the red rot should be pink.

"On the question of whether mineral or organic, whether planted to rice or left unplanted, whether tap water, distilled water, rain water or canal water is used, the pH value of the soil will be increased (soil made more nearly alkaline) during the time of flooding. But when the water is removed the pH value goes back to about the point where it was prior to flooding."

"In the Everglades, two factors complicate the pH change: (1) Alkaline waters, highly charged with the carbonates of calcium and magnesium would raise the pH higher."

"(2) However, organic soils are buffered against changes in pH. The use of acid-forming fertilizers as practiced in this area would probably prevent a pH increase."

"Between 200 and 500 pounds per acre of iron sulfate must be added to rice; this will increase the iron content of the vegetables and give them a higher quality."

The above quotes are from the Experiment Station and may be accepted as official.

It was pointed out that rice growing will keep weeds down, destroy certain disease organisms, cause insects to drown or leave, certain nematodes to die and prevent flooding. Flooding will tend to prevent frost in adjoining areas and slow up submergence of soil.

When the water of rice will furnish winter grazing, also, it is stated.

## JUDGE NEWELL SPEAKS AT LIONS CLUB MEET

E. G. Newell, judge of the criminal court of record, spoke before the Lions Club on juvenile delinquency at the regular meeting Wednesday noon in the Legion Hall.

Newell said that any organization which is without an objective is not worth much to the community. He stressed that each individual in an organization can help correct delinquency on his own.

He pointed out that everyone is the hero or heroine of some boy or girl and it is up to them to live a life which will be a lesson to that boy or girl.

Ziemann reported that there were 1000 lbs. of gold on the course last week end.

## PAR-TEE LINE

A special Community Youth Center program will be held at the Community Center on Wednesday night from 7:30 to 10:30 for seventh and eighth graders.

Pro Zeeman announced, H. C. Penny Field, Ten Cent Store will sponsor the music.

Mrs. O. G. McWhorter—won low gross and Mrs. E. A. McCabe won low gross in golf tournament at Ladies' Day last Friday at the club.

Ziemann reported that there were 1000 lbs. of gold on the course last week end.

Ziemann reported that there were 1000 lbs. of gold on the course last week end.

**MEANING OF A VOTE**  
 Mary had a little VOTE  
 But when she tried to use it  
 She found she wasn't REGISTERED  
 And so she had to lose it.

Old Mother Hubbard  
 She went to the cupboard  
 For certificate of REGISTRATION  
 But when she got there  
 The cupboard was bare  
 Imagine her vexation.

Little Jack Horner  
 Went to the corner  
 Intending to cast his VOTE  
 But his name wasn't there  
 And in despair  
 He found he had missed the boat.

Jack Spratt put on his hat  
 His wife put hers on too  
 But neither one was REGISTERED  
 And now they're feeling blue.

Little Bo Peep  
 Don't go to sleep  
 Take care of your REGISTRATION  
 For election day  
 Isn't far away  
 And your VOTE will help the nation.

Little Citizens, blow your horn  
 You've listened to all the political corn  
 REGISTER now and be sure to vote  
 And cram those promises down their throats  
 For you are the boss, you have the choice  
 So sing out brother with clarion voice.

Little Miss Muffet, sat on a tuffet  
 Minus a new milk coat  
 She said "I'm sorry, I'll even the score  
 For this year I'm gonna VOTE."

Don't be a little Mary, Mother Hubbard, Little Jack Horner  
 or Jack Spratt, check your registration today. Mrs. George  
 Young is still accepting struggling registrations at the chamber  
 of commerce building.

## Teenagers Speak

by  
**Editor Lou Scarborough**  
 Betty's note: This column includes the views of a local high school student.  
 What does the word socialism mean to you? It can mean the changing of a country within a world or a soul within a man. Socialism and death are very much the same, you can neither be a little bit socialized nor a little bit dead, it's whole hog or nothing.  
 When you join one of the many "isms" in this world you're destined to follow the rest of them. They are only communist traps used to ensnare and befuddle a man's mind and heart causing him to ruin his own life as well as his loved ones.  
 When campaigns try to high pressure you into agreeing to socialized medicine as well as some of the other so-called "good deals," don't be swayed by the promising conveniences and lies are like a wolf with sheep's clothing. Once you begin to take effect, they know the inner being out of the animal.  
 Thusly so are many men and women "deteriorated" by these "isms" that we of America and the United Nations are battling over very souls out to prevent today.  
 Too many of the American citizens are forgetting their duties toward upholding democracy, in this country of ours. They are pushing the burden of fighting such things as socialism on our government, when they should be the ones concerned.  
 Many ignorant, or should I say irresponsible people, are saying, "Why not let the government figure out a way to put a stop to these campaigns and communist leagues that are sneaking into the United States?" And they are forgetting that

From where I sit... by Joe Marsh

## "Give A Hoot" For Easy

Easy Roberts finally got rid of the noisy piglets that used to hang up under his eaves. He must have tried a dozen ways to scare them off. But no matter what he did, they would be right back cooing by his window the next morning.  
 Then Easy thought of an old stuffed owl he had in his attic. He pressed it on the roof and all the piglets would be in his attic. And three hoots have taken their place. Easy swears the hooting is even worse than the cooing of the piglets.

Copyright, 1952, United States Brewers Foundation

they are the government and that it is their duty to help weed them out.  
 It is true—everyone here had the advantage to learn what the "communist traps" are doing to our country. So it is up to those who are aware of the importance of the matter to tell others so that they will not make the drastic mistake of being led into agreeing to sell short the ideal that constitutes this wonderful America of ours, or what might be called wonderful America.  
 Now that I have reached the age when I can see how important it is to preserve the true democracy, I can understand the importance of the "isms" which are plaguing the hearstings of our country today.

**BIRTHS**  
 To Mr. and Mrs. Ceylon Albright of Belle Glade was born a baby boy named Ceylon Albright, Jr., on Feb. 19. The young man weighed 9 lbs. 15 oz. Albright is the former Joyce Ann Nestor.  
 To Mr. and Mrs. Robert W. Ellis of Belle Glade was born a son on Feb. 25. He has been named Robert Edwin Ellis and weighed in at 7 lbs. 11 oz. Mrs. Ellis is the former Grace Ella Barr.

**BPW TO ENTERTAIN TWO OTHER GLADES CLUBS**  
 Members of the Business and Professional Woman's Club made plans for entertaining the Pahokee and Clewiston clubs at a joint initiation to be held at the Community Clubhouse on Feb. 18, at Tuesday night's business meeting held in the clubhouse. The Lake Worth club will conduct the ceremonies for the new members.

Mrs. Mary Ann Arnold will have charge of the refreshments for the evening social.  
 Club members also discussed the state convention to be held May 15, 16 and 17.

A nominating committee to select a slate of officers for the year is as follows: Mrs. Imogene Fontaine, chairman; Mrs. Mary Ruth, Mrs. Gene Cross, Mrs. Foy, Mrs. Gene Cross, Mrs. Ruth Peeples and Mrs. D. R. Kemper.

**GARDEN CLUB TO ELECT OFFICERS TUESDAY**  
 Members of the Garden Club are urged to attend next Thursday afternoon meeting at the Community Clubhouse. Officers for the coming year will be elected.

The program will be presented by the Junior Garden Club of which Mrs. S. A. Roberts is chairman.  
 The afternoon contests will consist of gladioli arrangements and one specimen of the same.

**ENLARGEMENT CAMPAIGN CLASSES CONDUCTED**  
 Classes have been conducted each night this week at the First Baptist Church as part of the training enlargement campaign which is being carried on in all of the Baptist churches in the county.

Mr. Emmett Golden of Nashville, Tenn., has been directed the method study for adults and young people. His wife has been training leaders for children's work.

The junior and intermediate leaders have had Mrs. George Horne of St. Petersburg as their instructor, and the Rev. Wade Griffin, pastor of the church, has directed the work with intermediates.

The classes, which will terminate with tonight's session, have had an excellent attendance.

**MRS. HOPSON EXPLAINS FLOWER SHOW PLAY**  
 Mrs. A. F. Hopson, staging chairman for the Garden Club Show to be held March 19-20, explained the flower play to be used in the show at a meeting of committee chairmen and the Community Clubhouse.

Mrs. Ivan Van Horn, general chairman for the show, presided over the business session. Reports of the progress made to date were given by all committee chairmen present.

A pot luck luncheon was enjoyed by those in attendance who included Mrs. C. J. Aggrey, Mrs. A. F. Hopson, Mrs. J. P. Halbrook, Mrs. Ralph Kirk, Mrs. Luther Jones, Mrs. W. E. Cato, Mrs. Bryant McLendon, Mrs. Irving Zump, Mrs. John Gledhill, Mrs. Roy Bair, Mrs. L. W. Warren, Mrs. G. R. Townsend, Mrs. R. Y. Cress, Sr., Mrs. Donald Kirkham and Mrs. D. C. Dehaven.

## Check Your Conscience; Are You As Good A Citizen As You Can Be?

Editor's Note: The following points were taken from "Governments in Your Hands" by Mrs. Imogene Young, author of "The Citizen's Guide to the Ballot Box." Following is a brief list of the duties and obligations of a citizen from local to national.

### good citizenship:

1. First and most important, you have a duty to register and vote in elections on all levels from local to national.
2. You have a duty to keep yourself informed on happenings in government so that you may vote intelligently on men and issues.
3. You have a duty to serve on a grand jury or a trial jury if called for service. You should not place your personal convenience above your obligation to uphold the jury system and the principle of a fair and open trial for all persons accused of crime.
4. In wartime you may be called to the colors. You have a duty to serve, since America can draw its armed strength only from its own population.
5. You have a personal obligation to see that all branches of your government — local, state, and national — are staffed by the best Americans, whether they are elected, appointed, or retained by Civil Service. Even if you cannot dedicate your own life to public service, you can help others to undertake this important responsibility. Be sure to work in some capacity in some part of your local, state, or national government at some period of your life. This will do much to give you a sense of belonging.
6. You have an obligation to count your blessings as an American citizen, and a duty to do so without complacency and criticism, to set toward correcting what you believe to be evils in government.

### FLOWER SHOW

(Continued from page 1)

ceed 18 inches over all; entries limited to six; Class K, arrangement suitable for patio table featuring fruit and/or vegetables; not to exceed 18 inches over all; entries limited to six; Class L, arrangement featuring one color rose not to exceed 18 inches over all; entries limited to six; Class M, arrangement for holiday—artificial coloring permitted; not to exceed 20 inches over all; entries limited to six; Class N, arrangements in twin containers not to exceed 20 inches over all; entries limited to six pairs; Class O, line arrangement—any flower or flowers and/or foliage permitted; entries limited to six; Class P, arrangement in trellis pattern featuring yellow hibiscus with appropriate foliage not to exceed 18 inches over all; entries limited to six.

Section II, Miniature, Class A, arrangement of fresh material; not to exceed six inches over all; entries limited to six; Class B, arrangement of fresh material not to exceed three inches over all; entries limited to eight; Class C, arrangement of dried material not to exceed three inches over all; entries limited to eight.

Section III, Class A, large arrangement of any flowers and foliage suitable for church or lobby; Class B, arrangement of dried material, minimum of alive material permitted in naturalistic container; entries limited to six; Class C, arrangement in marine globe; Class D, corsages featuring yellow to be shown against a black screen supplied by committee; Class E, invitation to florists; Class F, invitation to neighboring garden clubs, featuring gladioli.

Section IV, table settings, Class A, informal breakfast table—setting for two, suitable arrangement of flowers and/or fruit.

Division II, Section 1, horticulture, roses, Class A, Peace, one bloom; Class B, Miranda, one bloom; Class C, other yellow, one bloom; Class D, other red, one bloom; Class E, best patented rose, one bloom; Class F, best white rose, one bloom; Class G, other colors, one bloom; Class H, Florabunda, one spray; Class I, Polyantha, one spray; Class J, other small roses, one spray; Class K, climbing roses, one bloom or spray.

Section II, blubs, "corms, rhizomes, tubers (one stalk, spike, stem or bloom); Class A, Amaryllis; Class B, Calla Lilies; Class C, Crinum lilies; Class D, Cannas lilies; Class E, Day lilies; Class F, Iris, other varieties; Class G, Easter lilies; Class H, Gladioli; Class I, Gloriosa; Class J, Iris, native; Class K, Iris, other varieties; Class L, Montbretia; Class M, Begonias; Class N, Dahlia, large; Class O, Dahlia, small; Class P, other varieties bulbs; Class Q, other varieties corms; Class R, other varieties rhizomes; Class S, other varieties tubers.

Section III, annual or perennial, Class A, Calendula; Class B, Aster; Class C, Carnations; Class D, Clematis (spider plant); Class E, Queen Anne's lace; Class F, Marigold, large; Class G, Marigold, small; Class H, Nasturtium; Class I, Scabiosa; Class J, Penta; Class K, Larkspur; Class L, Lupine; Class M, Pansy; Class N, Petunia; Class O, Red; Class P, Petunia, double; Class Q, Ageratium; Class R, Snapdragon; Class S, Sweet Alyssum; Class T, Sweet Pea; Class U, Hollyhock; Class V, other varieties annuals; Class W, other

varieties perennials.

Section IV, flowering shrubs, trees and vines, Class A, Gardenia; Class B, Hibiscus, hybrid, double; Class C, Hibiscus, hybrid, single; Class D, Hibiscus, common, double; Class E, Hibiscus, single; Class F, Kordia; Class G, other varieties of blooming shrubs; Class H, Croton; Class J, other variety of ornamental shrub; Class K, Bougainvillea; Class L, Coral vine; Class M, Flame Vine; Class N, other variety of blooming vine; Class O, any variety flowering trees.

Section V, potted plant, Class A, African violet; Class B, Begonia; Class C, Cactus; Class D, Crown of Thorns; Class E, Fern, baby's breath type; Class F, Fern, Boston type; Class G, Fern, maiden hair type; Class H, Fern, other variety; Class I, Orchid, blooming; Class J, Orchid, not in bloom; Class K, Philodendron; Class L, Succulent; Class M, Diffenbachia; Class N, Ivy; Class O, Dracaena; Class P, other variety of potted plant.

Division III (Junior) section I, Class A, arrangements of fruit and/or vegetables; Class B, arrangement of flowers in vase or low container; Class C, arrangement of flowers in kitchen utensil; Class D, corsages; Class E, plaques (Hibiscus).

Section II, horticulture, Class A, annual specimen, grown by exhibitor; Class B, perennial specimen, grown by exhibitor; Class C, potted plant, blooming; Class D, potted plant, foliage; Class E, dish garden; Class F, either horticulture (vegetables); Class G, novelties; Class H, terrariums.

Section III, Class A, scrap books; Class B, invitation to Girl Scouts or former junior club members.

Division four and five are open for commercial and educational arrangements and exhibits only, Mrs. Van Horn said.

Rules and regulations for exhibitors are:

Entries will be welcomed from residents of the Belle Glade-Commodore Community.

All entry spaces for flower arrangements must be reserved by contacting Entries Chairman before 6:00 P. M. March 18th.

Size and color of niches: Width: 24 in. height: 24 in. depth: 15 in. color: light grey.

Entries will be registered in order received—one entry per person to each class.

All entries must be in place at the show by 10:00 a. m. March 19th. Late entries will be listed "not in competition."

Judging will commence promptly at 11:00 a. m. March 19th. All persons will be excluded from the show except judges, clerks and necessary committees at the time of judging.

No protected plant stated in our State's conservation laws may be exhibited except for educational purposes.

Hibiscus flowers used in arrangements must be replaced when wilted.

Desired foliage permitted in all arrangement classes.

Receptacles for horticulture specimens will be furnished by management.

Horticulture specimens must have been grown by exhibitor.

Potted plants must have been in exhibitor's possession for 3 months prior to exhibiting in show.

Containers and accessories entered at owner's risk. They should be clearly marked on the bottom with owner's name.

Awards must remain with exhibitor until the close of the show. No exhibit may be removed before 10:00 P. M. March 20th, but must be removed by March 21st.

The use of accessories in arrangement classes is optional. The decision of the judges will be final.

The show will be open to the public at 2:00 p. m., approximately, or when judging has been entirely completed.

### MRS. J. S. BRANNON DIES

DUBLIN, GEORGIA

Notice has been received here of the death of Mrs. J. S. Brannon, 48, local resident in Dublin, Georgia, on Feb. 26.

Funeral services were held in the Ashburn Baptist Church, Ashburn, Georgia, with the Rev. Walter Spivey and Rev. Louis Solovy officiating. Interment was at Rose Hill Cemetery in Ashburn.

Survivors: husband, John S. Brannon; father, Ben F. Rainey; Ashburn; mother, Eva Tippett; Ashburn; son, John Durwood Brannon, Lenox City, Tenn.; brother, Rev. John M. Rainey, Cadwell, Georgia; sisters, Mrs. I. E. Zorn, Ashburn, and Mrs. A. S. Craven, Tampa.

Mrs. Brannon was a member of the First Baptist Church here.

Harden Funeral Home, Ashburn, was in charge of arrangements.

### TAKE GOOD CARE OF SPRAYERS, DUSTERS, PATHOLOGIST URGES

In view of shorter supplies of metal goods for civilian use, Florida farmers are being urged by the University of Florida Agricultural Experiment Station to take extraordinary good care of their spraying and dusting equipment this year.

"For successful production of many crops, the farmer must keep spraying and dusting equipment in good operating condition, and the only way to keep such equipment functioning efficiently and to get long service from it is to take good care of it," Dr. W. B. Tisdale, Experiment Station plant pathologist, advised farmers.

As corrosion is a major cause of damage to spraying and dust-

ing equipment, it is very important to clean sprayers and dusters thoroughly after using them. Copper and several other materials commonly used to control plant pests react rapidly with some metals, the Experiment Station worker explained, and corrosion will develop in containers made of these metals if the equipment is not thoroughly washed out with water afterwards.

The Experiment Station worker also pointed out that combinations of insecticide and fungicide materials are capable of causing corrosion and that thorough cleaning of equipment which has been used to apply them is the only way to prevent damage.

Equipment used to apply 2,4-D and other weed-killing

should not be used for other purposes, because no satisfactory method of removing all of the weed-killing chemicals from containers and other parts of sprayers has been developed.

Metal or metal-lined tanks, valves, nozzles, pipes, rubber connections and hose, and other parts of spraying and dusting equipment are subject to damage from chemicals left in them after use.

"To keep spraying and dusting equipment in good condition O.P.S. ceiling price regulations

and to make it last a long time, it is necessary to clean it thoroughly after use and to keep it under shelter when not in use," Dr. Tisdale averred. "Such equipment is expensive and in all probability, will be in shorter supply during the next few months, so farmers should take good care of their dusters and sprayers."

Fresh and frozen fish and shellfish are not affected by

cently, and they are well worth consideration and study by farmers of Florida and other states.

Mr. McArthur pointed out that the population of the United States is increasing by more than 6,000 persons a day—about four persons a minute—and that it will be about 190,000,000 by 1975, or 38,000,000 more than today's population, it is trend continues. That in 1975 would be more than the present population of the 14 Southern states extending from Virginia to Oklahoma and southward.

With present production rates, 100,000,000 acres of new crop land would be required to produce enough food for 190,000,000 people this country is expected to have by 1975. America doesn't have that much new crop land. Far from it. As a matter of fact, America has less than 100,000 acres of new crop land, and the acreage that can be turned from wild growth to profitable crop production is relatively small. No longer can American farmers move to new, uncultivated land, for it simply doesn't exist.

It depends primarily on the farmer, for he is the keeper and steward of the land available. The available land must produce the food, and whether it produces the additional food depends on how well he cares for it and uses it. Research to increase per-acre yields, more efficient fertilizer and more efficient fertilization, and improved practices will be necessary, of course, but the farmer is the key man. If he husband his land, conserves and protects it, and continually strives to improve and maintain it, he will be doing his highly important part in producing adequate food for Americans.

## Insurance is as necessary as groceries

You don't dare to run a home or a business without insurance. The risks of financial loss are too great.

Sensible people don't go a single day without adequate insurance of several kinds. They know that, otherwise, they may be suddenly ruined by a fire, storm, burglary, accident or a damage suit.

They buy insurance almost before they buy meat and potatoes.

And insurance probably does not cost as much as you think. Consult us today, to see what it will cost you to protect your against most possible financial losses in your home or business.

## Pittacus Fever Contracted From Parrot Family Birds

A Minnesota doctor and his wife who developed pituitous or "parrot fever" are reported to have developed the disease from too-close contact with a parrot purchased in Florida, the Florida State Bureau of Health announced today.

Dr. Wilson T. Sowder, state health officer, said "a close check of cases of pituitous in dealers who carry birds in stock for sale to determine if pituitous in birds was reaching a dangerous level."

The investigation is being carried on under the direction of Dr. L. I. Parks, director of the state health agency's Bureau of Preventable Diseases, and Dr. James E. Scatterday, public health veterinarian, working in cooperation with several county health departments.

Dr. Parks stated that pituitous is a disease that affects primarily birds of the parrot family, including parakeets, love-birds and canaries, and can be transmitted to people, usually by direct contact with the birds.

"Birds that develop diarrhea, ruffled feathers and appear to be ill should be taken to a veterinarian for examination," Dr. Parks added.

"The diagnosis of pituitous has been made in parakeets in several bird farms in the state during the past two weeks," Dr. Parks continued.

"There have been no human cases reported as yet in Florida, but further investigations are being made."

This condition and his wife, who bought a parakeet on a recent trip to Florida, developed the disease upon their return to their home in Minnesota two weeks ago.

"Bird owners who develop upper respiratory infection should advise their physician that they own such birds and inform him if any of their birds have been ill or died recently."

"This disease, when it affects people, causes pneumonia-like symptoms in some cases, but in mild attacks may resemble an acute cold with upper respiratory symptoms. This disease is more easily transmitted to people when infected birds are kept indoors and in the colder months when ventilation is poor."

Mrs. W. S. Jennings heads a State Beautification Comm. President Doyle E. Carlton of the Florida State Chamber of Commerce today announced the reappointment of Mrs. W. S. Jennings, Jacksonville, as chairman of the Beautification Committee of the State Chamber of Commerce.

This committee, he said, has declared the week of March 17 as "Beautification Week" in Florida. It is now in the process of setting up county beautification committees in all counties not now organized and hopes to have them all in action during "Beautification Week."

## Fla. Drug Stores Do \$9 Million Business in 1951

Florida drug stores rang up sales totaling \$9 million during 1951. All items sold in drug and proprietary stores are covered in last year's estimated total which was up \$4 million above 1949, the Florida State Chamber of Commerce reported recently.

There are virtually 1,300 drug stores in Florida. These stores employed 7,000 persons and had a total payroll of \$18 million last year.

This week's business review of the State Chamber's research and industrial division reports that 76 per cent of the 1951 stores were in drug stores and 24 per cent in proprietary stores; 12 per cent in without fountains and 12 per cent in proprietary stores. This week's business review of the State Chamber's research and industrial division reports that 76 per cent of the 1951 stores were in drug stores and 24 per cent in proprietary stores; 12 per cent in without fountains and 12 per cent in proprietary stores.

## ADEQUATE CROPS IN FUTURE ARE MATTER OF SERIOUS IMPORT

American crop production during the next quarter of a century should be of very serious concern to every farmer in the nation, for whether this country provides adequate food for her increasing population depends primarily on the farmer.

There are several reasons why future crop production is a matter of such serious import. O. P. McArthur, Florida program specialist with the Production and Marketing Administration, brought out a few of them re-

## ART LEAGUE TO STAGE CLOTHESLINE SALE

Saturday, March 9, from 10 to 5 in the Palm Beach Art League will stage the 4th annual Clothesline Sale at the Norton Gallery and School of Art, in West Palm Beach. It was announced by William Woods, gallery director. Water colors, drawings, and oil paintings will be displayed on the clothesline hung in the patio, there will be artists at work sketching and painting.

Art League members and students at the Norton School of Art are eligible to take part in this sale, and reservations for space must be made in advance. Participants in the Clothesline Sale are to bring their work on Saturday morning in time to set it up and be ready for the opening at 10 o'clock. Water colors should be matted, oils must be framed or edged with tape, and everything must be hung on the clothesline.

Admission is free, and everyone is invited to attend the sale which affords an excellent opportunity to obtain original works of art at modest prices. Last year's sale brought over a thousand visitors to the gallery and it is expected that the event will be as successful this year.

Further information may be obtained by calling the Gallery Office.

## SIEVE VERSUS STRAINER

A common casualty among home kitchen utensils is the strainer. When the wire mesh pulls off the frame, it's "Desperate Struggle" for this utensil—guilt and a waste.

The fault, household equipment experts say, lies with the partnership of Agriculture believes is neglect of an important rule for efficiency: Use the right tool for the job. The strainer, they say, "Force through a sieve," the housewife too often uses a strainer not made for the job. To be strainer to stand forcing or pressing, the wire mesh needs to be supported by cross-wires. But better for this work are the food presses, designed especially for speedy, easy sieving and for easy cleaning.

One type which sieves or purees in a hurry is shaped much like a saucepan and has a handle and hooks to hold it over bowl or pan. A shaped blade operated by a crank handle draws food through the perforated bottom which a sturdy wire underneath scrapes off the food as it comes through. This type sells in different sizes: small—for preparing small quantities for feeding the baby or the elderly member of the family; medium—for general use; and large—for quantity preparation, especially for canning, preserving or freezing.

Another food press is a tall perforated metal cone on a broad-based frame. A forced wood cylinder is used inside it to push food against the sides and through the holes.

Pureed food comes ready-canned for babies, but many homemakers prepare it themselves for a variety of dishes from soups and souffles to desserts. The utensils that do the job easily are worth considering for saving time, effort, food—and the maltreated strainer.

## FLA. PLANTS INCREASE ELECTRICITY OUTPUT

Florida plants generated 11 per cent more electricity last year than in 1950.

The production of electricity in Florida to meet the demands of growth was made possible by an increased plant capacity. This capacity stood at 1,130,452 kilowatts on January first of last year and further expansion took place during the year the Florida State Chamber of Commerce reported yesterday.

Electricity production in Florida in 1951 totaled 6,246,825,000 kilowatt-hours. This week's business review of the State Chamber's research and industrial division cites that the 1940 production was about one-fifth of this amount. Further, more electricity was generated in Florida in any three months of 1951 than in the entire year of 1940.

Industrial production of electricity, that is, electricity generated by Florida industrial establishments for their own use, rose 89 per cent in kilowatt-hours of the 1951 volume. This total was 8 per cent above the 1950 production. A considerable part of the industrial production of electricity may be expected after completion of new establishments scheduled for completion this year or early in 1952.

Fuel used in Florida in 1951 for electric production amounted to 10,545,574 barrels (42 gallons) of oil and 5,504,347,000 cubic feet of gas. Oil production was up 9 per cent and gas by 4 per cent over 1950.

## 4-H CLUB DELEGATES SAY START AT HOME TO BUILD FOR PEACE

World peace is of interest to people in rural areas as well as those in urban communities. And the diplomats don't have a corner on the idea, they would help to build peace throughout the world. At one of the national gatherings not long ago, delegates from 4-H clubs throughout the 48 states proved that they are keen thinkers about national and international problems, as well as accomplished of fine things in their own homes and communities.

Since this week (March 1-9) is the 4-H Club Week, it is appropriate to call attention to some of the ideas presented by 4-H club delegates on how to build world peace. A Florida boy, Phil Armstrong of St. Johns County, was round-up panel member.

Work hard for better government right here at home if you wish to insure world understanding and peace—that seemed to be the top recommendation of the delegates who served on this panel at the National Club Congress. Phil's suggestion was to have government workers, and then good men good doing.

Intelligent voting by the citizenry was suggested as an aid to better government, and then it was emphasized that the schools should move to help young citizens become more intelligent voters and learn more about the real meanings of democracy. One delegate suggested that "if we wish to act more intelligently about this citizenry, we must study more and practice citizenship discussions back home."

The 4-H clubs throughout the country are working together for world understanding through the International Farm Youth Exchange, in which some 200 delegates from this country are going abroad in 1952 to live in homes of people in other countries, practically as many are coming to this country to

live in homes here. The delegates get a good understanding of the ways of people elsewhere when they live in their homes for some weeks.

A Tennessee young lady member of the panel voiced a unanimous opinion about a way to settle world peace when she said, "America strong militarily, economically and socially is not enough. We must be strong spiritually. If we believe in prayer, why not try it?"

## WRECKERS ORDERED TO KEEP SCRAP MOVING

Automobile wreckers of Palm Beach county now have until April 1 of this year to get their old automobile scrap moving into scrap channels.

Information received here from Merrill C. Lofton, regional director of the U. S. Department of Commerce of Atlanta, was to the effect that the National Production Authority of the Commerce Department has just taken action to extend the "deadline" for the disposing of scrap in auto wreckers' yards to April 1, instead of March 1, as originally provided in the NPA order.

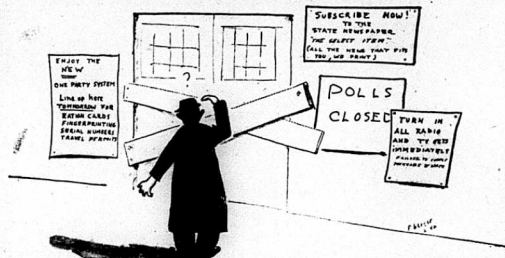

The reason for this action, it was stated, was that many auto wreckers in Georgia and other sections of the country had complained that they would not be able to comply with the NPA order and get their scrap moving by March 1 because of the shortness of time.

The order, Mr. Lofton explained, applies only to scrap from vehicles produced prior to 1948.

The order was issued as a result of the grave shortage of iron and steel scrap in the country, which was not only threatening the national program of defense, but also the operation of many steel mills and foundries, including some in Georgia, where scrap is needed for the manufacture of new steel.

Mr. Lofton praised the cooperation of auto wreckers in Palm Beach county and this area in helping to alleviate the

## MINORITY RULE LEADS TO DICTATORSHIP

Don't let this happen to America. Millions of people in the world today have no voice in government and are slaves of a brutal minority. Failure to REGISTER and VOTE makes minority rule possible. It is the duty of every freeman, liberty loving American to protect his birthright at the polls. Failure to do so invites corruption and Communism: REGISTER TODAY AND VOTE IN MAY. Registration books close April 5. Quality Now!

present scrap shortage. "I feel that the reason we have not lost more open-heart furnaces this winter was due generally to the tonnages of scrap metal delivered by auto wreckers," he said.

## FIRST SHORTHORN SALE IN FLORIDA IS SLATED FOR OCALA ON MARCH 8

Florida's first auction sale of purebred Shorthorns and Polled Shorthorns will be held March 8 at Ocala as part of the annual Southeastern Fat Stock Show, according to R. G. Heine, secretary of the Florida Shorthorn Breeders' Association.

Animals already have been assigned to the sale from Alabama, Georgia, Tennessee and South Carolina herds, Mr. Heine said.

The show to precede the sale will be judged by Grant Campbell, of Moffatt, Ont., Canada. Campbell is an outstanding Shorthorn breeder and importer.

Registration of Shorthorns and Polled Shorthorns has in-

creased 247 per cent in the South during the last four years and Florida's registration record shows a 331 per cent increase.

## G.I.'s Taking On-Farm Training Must Report 1951 Earnings

Veterans taking GI Bill Institutional On-Farm Training were reminded today by V. S. Parker, Manager, Veterans Administration, Miami Regional Office, that reports of their 1951 earnings must be submitted to their VA Regional Offices no later than March 1, 1952.

Failure to submit the reports by the deadline, Parker warned, may result in discontinuance of GI Subsidized payments until such time as the reports are received by VA. This year, in addition, farm trainees must send in a second report—a certification as to the period of time they may have been engaged in employment outside the farming activity. This too, must go to VA before March 1. The earnings reports—covering only income from productive labor for the calendar year 1951—serve a double purpose, Parker said.

First, they are used by VA as the basis for adjusting each veteran's subsistence for the current year (1952), and second, they are part of the Veterans course of instruction in farm accounting, thus giving him the opportunity to put into practice what he has learned in the classroom. Farm trainees received the necessary VA Forms for both reports earlier this year, Parker said. They will receive assistance from their instructors in closing their books for the past year, and in transferring data to the VA Forms. More than 237,000 veteran-farmers, all currently in GI training will be required to submit the reports. Parker said that there are 429 institutional on-farm trainees under jurisdiction of the Miami Regional Office.

Passenger cars more than 25 years old are considered "antiques" and exempt from title controls but all others are subject to OPS selling price regula-

Wish good luck to  
Sergeant Hun Toon of Vermont  
Rifleman, U.S. Infantry

-and 54 years old his next birthday!

FIRST WORLD WAR... SECOND WORLD WAR... Korea—these are milestones in the career of this sturdy Vermont volunteer. A true son of America's original Minute Men, his whole life has been devoted to battling in defense of the land all of us love!

Men like this are rare. And they deserve all the respect the rest of us can give.

Here's an idea. Today stop at your pay office—if your company has the Payroll Savings Plan—or else stop at your bank. Buy yourself an extra U.S. Savings Defense Bond. And tell yourself you're showing an old soldier—a good soldier—that you appreciate what he's doing for you.

For your bonds, and other forms of saving, put a strong American economy behind a strong American army. They protect you, your family, and our servicemen overseas.

Because they help create the productive strength that keeps us at peace today—when peace is only for the strong!

So how about wishing good luck to Sergeant Hun Toon—and more security to the family you love? How about buying an extra Defense Bond for them—today?

## The U. S. Defense Bonds you buy give you personal financial independencies

Remember when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will save you a house or educate your children, or support you when you retire. Remember, if you don't save regularly, you generally don't save at all. So go to your company's pay office—now—and sign up for Defense Bonds through the Payroll Savings Plan. Bankers recommend them as one of the safest forms of investment.

Don't forget that bonds are now a better buy than ever. Because now every United States Series E Bond you own automatically goes on earning interest every year for you from the date of purchase. (Example: If you bought for \$16.75 one actual year ago just \$25—this is made up \$13.15. A \$37.50 bond pays \$66.50. And so on. For your own security, and your country's too, buy U. S. Defense Bonds now!

PEACE IS FOR THE STRONG... BUY U.S. DEFENSE BONDS NOW!

The U. S. Government does not pay for this advertising. The Treasury Department checks. See how serious America is in Advertising Council and

### SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. Paul Touchstone, son Alan and Mrs. Aubrey McAllister of Fort Myers were the week end guests of Mrs. Cora Marlowe.

Mrs. J. C. Summerlin and daughter Jimmie Lou have returned from a visit with her parents, Mr. and Mrs. C. O. Woodham at Ozark, Alabama. They were accompanied by Mrs. Linton Miller and daughter Linda.

G. H. Boatwright left Saturday to return to his home in Georgia. Mrs. Boatwright has been there for some time looking after her mother who is quite ill.

Mrs. Effie Allen attended a two day school of instruction for Sunshine Workers at Pratt General Veterans Hospital in Coral Gables last week. Mrs. Allen now has in excess of 808

hours of service as a Sunshine Worker among the veterans.

Guests of Mr. and Mrs. John L. Evans at Bean City are her father J. R. Brown, Sr., her brother J. R. Brown, Jr., and nephew, J. R. Brown III, all of Ashburn, Ga.

Mrs. Gerome Woodham has as house guests her mother, Mrs. Charles Morning, her sister, Mrs. Pauline Bostick and infant son, Tommy of Headland, Alabama.

Mrs. Edward Green of Anniston, Ala. is visiting her sisters, Mrs. W. C. Allen and Mrs. Minnie Hester, and sons, S. C. Fale of Belle Glade and Edward Green.

Mrs. W. C. Byrd has returned to Richmond, Va. for medical attention. She accompanied her daughter and son-in-law, Mr. and Mrs. George Trexel.

Mr. and Mrs. Vance Denton and family took Sunday evening supper with his grandparents, Mr. and Mrs. J. M. Templeton.

Junior Walker has returned from winter maneuvers with the Air Force in New Hampshire to his base in Miami.

Mr. and Mrs. Steve Richard of Ft. Lauderdale spent Sunday with his sister, Mrs. Annie Cooper. Mr. and Mrs. Melvin Herring and sons, Mickie and Richard were also Sunday dinner guests of their mother and grandmother.

Miss Wela Fralick, her mother and brother have moved into the Walter B. Simons dwelling.

Mrs. Minnie McLendon of Quitman, Ga., and Mrs. Ernest Scovyers are house guests of their daughter and sister, Mrs. C. A. Whitman, Sr.

Carroll Warren is associated with his uncle Lonnie J. Warren in the Dry Cleaner business, the two having purchased the Cabin Dry Cleaners in Belle Glade.

Mr. and Mrs. J. B. Nelson enjoyed a tour of the Osceola Gardens Wednesday afternoon. They met at the Legion Hall at 1:30 and proceeded in cars in a body for the personally conducted tour.

Thomas L. Deane, former jailer of Belle Glade, has taken position with the City of South Bay in the Sanitary and Water Department. They left here the first of the week for their new location.

The South Bay Garden Club enjoyed a tour of the Osceola Gardens Wednesday afternoon. They met at the Legion Hall at 1:30 and proceeded in cars in a body for the personally conducted tour.

Mrs. and Mrs. T. L. Michel are leaving shortly on a vacation. Michel is engineer at the Ocala Sugar Plantation, which has just completed the winter grinding season.

DORIS WILLIS OBSERVES HER THIRD BIRTHDAY

Mrs. Frank B. Willis of South Bay gave a birthday party Tuesday honoring her daughter Doris on her third birthday.

A fish pond and toys were provided for entertainment of the guests.

The birthday cake was decorated to represent a Merry-go-round. Cup cakes, ice-cream and grapefruit were served.

Guests at the party were Sharon Roberts, Margaret and Donald Bailey, Diane, Michael and Don Shiver, Gary Walker, Teresa and Ann Priest, Patsy Cobb, Genie, Ginger and Janet Crichfield, Laura and Billy Rogers, Karol Vadasz, Gladys and Norma Dalrymple, Rita and Edwin Leathlean, Cherry and Bert Hardy, Joan Willis, Owen and Jimmy Warren, Billy and Kathy Ferguson, John Lee and Ricky Henderson, Doris, Dick and Dan Willis.

Leathlean, Mrs. Herbert Priest, Mrs. Walter Cobb, Jr.

**HERRINGS ENTERTAIN MORMAN MISSIONARIES**

Mr. and Mrs. Julius Herring had as house guests over the week end Elder and Mrs. Wm. C. Elder and Mrs. George and Elder Leo Walker, Mormon missionaries stationed at Fort Lauderdale.

Elders and Mrs. Walker were the speakers at the evening service of the Church of Jesus Christ of Latter Day Saints Sun.

Elder and Mrs. John H. Windish, Kay and Harlowe attended services at the Fort Myers church Sunday morning.

Elder and Mrs. Herring Wigan attended Sunday morning services at Fort Pierce.

**MRS. LUTHER KEENE HONORED AT SHOWER**

Mrs. Berthold Polk, Mrs. Barbara Schramm, Mrs. Albert Kruse and Miss Myrtle Gilman were hostesses at a friendly dinner at the South Bay Restaurant Monday evening.

Tables were centered with vases of gladioli and ferns. Dinner was followed by a surprise stork shower honoring Mrs. Luther B. Keene. Prizes were awarded to game winners Mrs. Frank Keene, Mrs. Cora Marlowe and Mrs. Ernest Scovyers. Mrs. Marvin Davis won the door prize.

Gifts were on display from Mrs. Floyd Wilder, Mrs. Billy Rogers, Mrs. A. B. Barnes, Mrs. C. N. Partain, Mrs. Cora Marlowe, Mrs. I. M. Davis, Mrs. Ray Whitlock, Mrs. Jamie Jones, Mrs. Maxine Sloan, Mrs. P. E. Goodbread, Mrs. G. J. Bawlow, Mrs. H. O. Mitchell, Mrs. Mary Leonard, Mrs. S. M. McAllister, Mrs. Norman Dalrymple, Mrs. C. Denton, Mr. and Mrs. W. Griffin, Mrs. E. M. Willis, Mrs. Barbara Schramm, Mrs. Lena Polka, Mrs. C. A. Whitman, Sr., Mrs. Minnie E. McLendon, Miss Myrtle Gilman, Mrs. Ernest Scovyers, Mrs. Frank Kruse, Mrs. Albert Kruse, Mrs. Melvin Herring, Mrs. Lillian Rambo, Miss Edith Matson, Mrs. C. Summerlin, the Bradows.

**POLL SAYS EISENHOWER LEADING IN FLORIDA**

According to a recent announcement by the Florida Political Survey and Poll, a national opinion poll that serves 200 newspapers and has a record of years, says General Eisenhower is leading the presidential race in Florida.

Poll director Joe Abram says that in the first presidential poll of over 50,000 voters General Ike has received 29 per cent of the vote. Senator Taft is running a close second with 26 per cent. Senator Russell of Georgia is leading the Democratic candidates with a 16 per cent return, Governor Byrnes is next with 11 per cent.

President Harry Truman has a 10 per cent vote in this statewide return and Senator Estes Kefauver picked up a mere seven per cent.

Abbas also announced that over 60 per cent of the voters polled returned their ballots through the mail, with over 49 per cent signing their names to their vote.

### NEGRO NEWS

#### Everglades Vocational High

The girls basketball team of E.V.H. won runner-up in District "B" Team Tournament, which was held at Ft. Pierce Friday and Saturday, January 20 and March 1. Prior to the championship game, the girls team defeated Key West by a score of 27-14. Earlene Jordan scored 18 points in that game. Then came the all-important championship game: E.V.H. girls vs. Carver High of Delray Beach. Though the girls were somewhat exhausted after having played three team Saturday, they made a very good show-

#### LEGAL NOTICES

THE CIRCUIT COURT OF THE FIFTEENTH JUDICIAL CIRCUIT IN AND FOR PALM BEACH COUNTY, FLORIDA, IN CHANCERY, No. 23-22 PEARL CRYL, PLAINTIFF

vs. CHARLIE CECIL SAWYER, DEFENDANT. YOU ARE HEREBY NOTIFIED TO appear in said Court at 10 o'clock on or before the 14th day of March, 1952, at which time said Court will hear and determine said matter.

Witness my hand and seal of said Court at West Palm Beach, Florida, this 21st day of February, 1952.

By Thaddeus J. Plant, Clerk of Court. WARWICK CHASE WARWICK 761 Citizens Building, Fort Pierce, Florida. Filed: Belle Glade Herald, March 7th, 1952, 21st and 21st, 1952.

The scores were 18-25. Earlene Jordan, Annie M. McCoy and Earlene Morgan made the All-District Basketball Team. A very beautiful trophy was presented at the chapel exercise.

E.V.H. won a trophy for its first place exhibition at the Everglades Community Fair at Belle Glade last week. Many beautiful handmade articles were submitted by classes in the elementary and high school departments. Prizes for first place also went to the Science Club for its display and to the 4th grade for its "Living at Home" exhibition.

On Friday morning, Mrs. Charles L. Williams discussed "The Purpose of Workshop," "How We Will Function" and "A Clinic Period: The Parent-Teacher Movement." Leader was Mrs. Ethel W. Knight.

Friday afternoon, the congress was favored with an address, "Dynamics in Community Life," by Mr. Maxwell Saxon, Principal Euclid High School, Deland, Florida. The Congress was divided into five sections for the workshop.

Section I—"Helping Democracy Grow in School, Home, and Community." Chairman: Mr. W. E. Combs, State Department.
